July 30, 2018

To the Attention of the Mayor and City Council

Regarding: Item 4.1
Imperial Beach Blvd Enhancement Project
Support of Alternative to Remove Median Parking

My comments are specific to the proposal of creating diagonal parking in the median directly in front of Mar Vista High School on Imperial Beach Blvd. Living next door to the high school for many years, I hope my observations and comments will be helpful.

I fully support the goals as stated in the Executive Summary to create "traffic calming and a safer environment for pedestrians and bicyclists especially near schools". However, I also fully believe that creating parking in the middle of the street would not only be in direct conflict with this goal, but would create a critical safety issue.

I would ask for your support and approval of the Alternative proposed by staff as shown on Attachment 10 that eliminates the middle of the street parking in front of Mar Vista High School. This Alternative addresses the safety issues raised regarding safe and controlled street crossing by our students and community members, and upholds the goals of traffic calming and a safer environment for pedestrians and bicyclists.

I want to thank the staff for listening to the community concerns and providing a safe alternative to the proposal.

Thank you in advance for your consideration.

Sincerely

Diane Rose

Subject: Support for IB Blvd. Enhancement Project

I would like to register my support for the Imperial Beach Blvd., Enhancement Project. This is scheduled to be on the docket for the August 1, 2018 council meeting, agenda item 4.1.

Unfortunately, I am not able to make the council meeting but feel this is a long, overdue enhancement to our city. I am excited to see this project start.

Thank you.

Karen Odermatt
IB Resident
